FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT

In compliance with the Family Educational Rights and Privacy Act of 1974, the College may release information classified as "directory information" to the general public without the written consent of the

student. A student may request that all or part of the directory information be withheld from the public by giving written notice to the Office of the Registrar during the first twelve class days of a fall or spring semester or the first four days of a summer session. If no request is filed, information is released upon inquiry. No transcript, academic or disciplinary record is released without written consent from the student stating the information to be given, except as specified by law.

FINANCIAL AID

Federal aid applicants are required to complete the Free Application for Federal Student Aid (FAFSA) on an annual basis. Effective with the 2008-2009 academic year, the Financial Aid Office **will no longer receive paper applications**. Students can apply online at www.fafsa.ed.gov.

Fall Priority Deadline: July 15

Spring Priority Deadline: November 15

1. Valid Institutional Student Information Record (Electronic Results of FAFSA)
2. Verification documents (as required)
3. All prior academic transcripts, if applicable

If files are not completed and processed in time for initial payment, the student must make arrangements with the Business Office to pay for tuition, fees, books, and housing. After the late application is processed, the student will be awarded the amount of aid for which he or she is eligible.

RETURN OF TITLE IV AID WHEN A STUDENT WITHDRAWS

If a student with Title IV financial aid withdraws before completing over 60% of the payment period (or period of enrollment), the institution must calculate the amount of Title IV aid the student did not earn. The amount of unearned aid equals the difference between Title IV aid that was disbursed or could have been disbursed for the payment period and the amount of Title IV aid that was earned. The amount of Title IV aid earned is equal to the percentage of the payment period (or period of enrollment) that the student completed as of the student's withdrawal date. The institution must return the amount of unearned Title IV aid equal to the total institutional charges incurred by the student for the payment period multiplied by the percentage of the Title IV aid that has not been earned by the student. The amount of Title IV aid the student must return is calculated by subtracting the amount the school must return from the total unearned Title IV aid. ****At the time of withdrawal, the student will be responsible for payment to SAU Tech according to the above Refund Policy and for repayment of Title IV aid according to the above Federal policy.**
