Why Give

Rock ‘N Read has been putting books into the hands and homes of Ouachita County’s most vulnerable children, newborn through age four, since November 1994. In September 2013, Rock ‘N Read expanded its service area to include Calhoun County. Learning to use language and communicate with the written word are critical skills that children acquire as they grow and develop. Reading aloud to children at an early age is the most effective way to help them attain these skills. Reading also stimulates children’s imagination and expands their understanding of the world. By helping our children develop strong reading skills at an early age, we are laying the foundation for their success in school and in life.

Ways to Give

Make a gift to support the cause of children’s literacy; to honor family or friends; or in memory of a loved one or special friend simply by completing the attached donation form and mailing the completed form to:
