

Configuring Your Mobile Phone to Receive Your Student Email

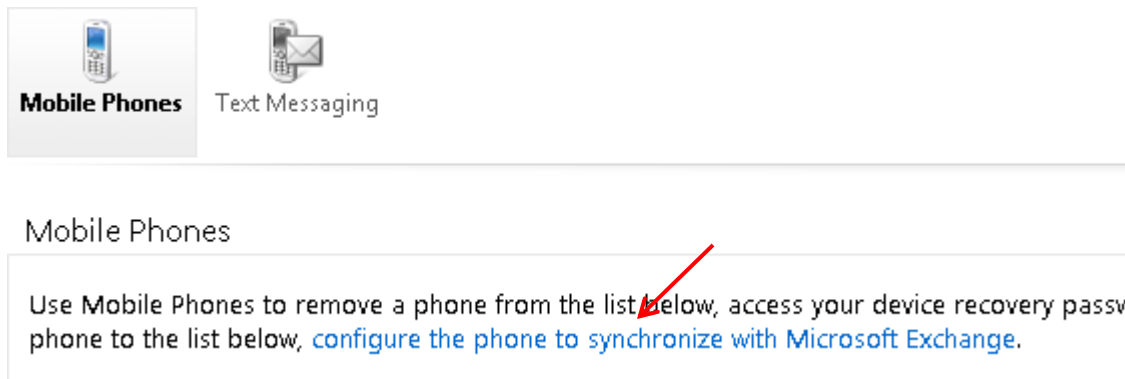

1. Log into your student email account.
2. From the Mail home page click on the **Options** dropdown.

3. Click on **See All Options**.
4. Click the **Phone** link from the left-hand menu.

5. Click on the **configure the phone to synchronize with Microsoft Exchange** link.

6. This will take you through a wizard that will ask you about the type of phone you have and give you instructions for setting up your email on your phone.
