YOUR GIFT TO ROCK 'N READ MAKES A DIFFERENCE

Why Give

Rock 'N Read has been putting books into the hands and homes of Ouachita County's most vulnerable children, newborn through age 4, since November 1994. Learning to use language and communicate with the written word are critical skills that children acquire as they grow and develop. Reading aloud to children at an early age is the most effective way to help them attain these skills. Reading also stimulates children's imagination and expands their understanding of the world. By helping our children develop strong reading skills at an early age, we are laying the foundation for their success in school and in life.
