The Multimedia Technology **Film & Video Production Emphasis** program of study is designed to provide a strong hands-on and applications-based technology curriculum. Graduates of Film & Video Production are prepared for careers in crew positions in all areas of film production including camera, art, grip, electric, audio, hair/makeup, locations, and AD departments. Camera operators, video editors, production assistants, audio technicians, and social media managers are common careers in the television industry.

Program Goal
Multimedia technology will provide essential industry specific entry-level training.

Program Learning Outcomes (PLOs)
PLO 1. Students will demonstrate an ability to apply film and video production skills and applications for employment in the field.
PLO 2. Students will demonstrate an ability to apply graphic design skills and applications for employment in the field.
