V.) **Point System for Applicant Selection:** GPA and/or points will be rounded to the hundredths place where applicable.

Revised 10/17/2019

A) The categories of the point system are weighted as follows:

a. TEAS Adjusted Individual Total Score (Composite)	55%
b. College Credit Hours	25%
c. Cumulative GPA	10%
d. Graduate of Health Science Program	10%

a. **TEAS score points:**

- Selected applicants are required to have a basic understanding and ability in Reading, English, Math & Science. Therefore, **a TEAS entrance exam minimum Adjusted Individual Total Score of 43 is required to be considered for admission.** An adjusted individual total score below 43 will render applicant ineligible to be selected. If you score below a 43 on the first exam, we encourage you to take the TEAS Tutoring in our Rocket Success Center (formally known as the Learning Resource Center). If you complete a total of 6 hours of TEAS tutoring, this will earn you 1 point added to your 2nd TEAS Adjusted Individual Total Score. The Tutoring Center will have to send your name and hours to the PN Department for confirmation.
- Total possible TEAS score is 100 points, which is then multiplied times 0.55. Therefore, the total possible for the TEAS score is 55 points.
- The highest TEAS adjusted individual total score of exams taken within two years of program start date will be utilized

b. **College Credit Hours points:**

Official or unofficial college transcripts must be included in the PN admission packet showing a passing course grade of 'C' or better to receive points. The sum of all college credit hour points has a total possible of 25 points.

3.0 points will be awarded for each of these REQUIRED college courses:

Anatomy and Physiology I (with lab)
Math for Nurses
Medical Terminology

1.0 points will be awarded for each of these college courses:

Introduction to Computers, Computer Applications, or Microcomputers
English Composition I
English Composition II
Advanced Grammar
General Psychology
Developmental Psychology
Nutrition & Diet
College Algebra

2.0 points will be awarded for each of these college courses:

Biology (with or without lab)*
Microbiology (with or without lab)*
Fundamental or General Chemistry (with or without lab)*
Anatomy and Physiology II (with or without lab)*

*Points for science courses will only be awarded for the primary course or for the primary course plus the lab; Science labs ONLY (without the primary course) will not be considered

c. **Cumulative GPA Points**

- i) Cumulative GPA will be used for points based upon the number of college credit hours that the applicant has earned.
 - If the applicant has earned 8 or less college credit hours, his/her HIGH SCHOOL GPA will be used
 - If the applicant has successfully earned a GED, his/her GED Cumulative Score Range will be used.
 - If the applicant has earned 9 or more college credit hours, his/her COLLEGE GPA will be used.
- ii) The cumulative GPA will be multiplied times 2.5 to equal the total possible points of 10.

d. Graduation from Health Sciences Program Points:

- The applicant may receive 10 points for having graduated from one or more health science programs.
- Health science program must have been 7 or more college credit hours.
- Transcript proof of graduation from program is required.
- Graduation from the health science program must have been within the last 10 years prior to program start date.
- The maximum points earned are 10 points, even if the applicant graduated from more than one health science program.
- Examples include, but are not limited to:
 - Nursing Assistant
 - Emergency Medical Technician
 - Paramedic
 - Surgical Technology
 - Phlebotomy

VI.) Post Admission Information:

- This program requires many hours of study beyond the classroom/clinical setting so the student should make arrangements to have the time for this.
- A dependable means of transportation and childcare (if applicable) is paramount to success in the program so the student should make arrangements for this.
- Due to the difficulty level of the program, the course demands, strict attendance requirements, and the importance of full attention and comprehension of program content, employment during this course of training is **not** recommended. Working a number of hours while in the nursing program has been found to be a primary contributor to the lack of success in nursing school. If the student intends to work while in the nursing program, it is highly recommended that the number of hours be minimal.
- Excellent attendance and punctuality are required throughout the program. The attendance policy will be discussed during orientation.
- Students in the program may be required to attend an occasional workshop or seminar out of town.

Correlation of GED scores with Grade Point Average

To convert your GED to a GPA, divide your total score by the number of sections on the test you took. Students are tested on four sections of the GED. For example, if your total score was 600, your average GED score would be 150 ($600/4 = 150$). Then, divide your average by the highest possible score you can get on the GED (200) to find your percentage. For example, if your average was 150, your percentage would be 0.75 ($150/200 = 0.75$). Your next step would be to times your percentage by the grading scale you wish to calculate your GPA (typically on a 4.0 scale). For example, if your percentage was 0.75, your GPA would be 3.0 ($0.75*4 = 3$).

GED Cumulative Score Range	Correlated GPA	Scale
580-630	2.9-3.15	580-599=2.9 600-619=3.00 620-625=3.10 626-630=3.15
631-699	3.16-3.45	631-639=3.16 640-649=3.2 650-659=3.25 660-679=3.3 680-689=3.4 690-699=3.45
700-800	3.5-4.0	700-719=3.5 720-739=3.6 740-759=3.7 760-779=3.8 780-789=3.9 790-800=4.0

The following information is REQUIRED by the Arkansas State Board of Nursing. This information does NOT affect eligibility or selection for admission:

Predominant Race/Ethnicity: White/Caucasian Black/African American Hispanic/Latino

4. The Arkansas State Board of Nursing denies the application for the National Council Licensure Examination - Practical Nurse (NCLEX - PN®) of nursing program graduates who have plead guilty, nolo contendere, or been found guilty of certain offenses (see 'Required Reading' section of Application Packet) as identified in Arkansas Code, Act 1208 of 1999 Legislative Session - ACA 17-87-312. Some offenses result in denial of licensure exam application (after graduation from the nursing program) but others are investigated by the board and application MAY OR MAY NOT be approved. **ALL offenses must be reported even if a suspended imposition of sentence occurred, if the applicant was a juvenile during the offense, and/or if the criminal record was sealed or expunged because the state board of nursing can see these offenses even if the applicant thinks they are no longer a part of their record.**

- Additional information is attached. See below.

Upon acceptance into the nursing program, a criminal background check will be performed. A student who has a criminal history of any of the offenses that prevent licensure examination approval is not eligible to enter or to remain in the nursing program and will either not be accepted or if results are returned after acceptance into the

program the student will be required to withdraw.

Many clinical facilities also deny a student from performing clinical rotations there if certain offenses have been committed. Some of these facilities perform their own background check on the students and some require that the program provide them with the student's criminal background check results. If a student is denied approval for clinical rotation in any of the facilities that are utilized for the clinical practicum courses, that student is no longer eligible to remain in the nursing program and will be required to withdraw due to inability to complete program requirements.

Due to the circumstances stated above, it is very important that the student provide honest answers to the following questions (even if the applicant believes their record has been sealed &/or expunged):

- A. Have you EVER been convicted of a felony or a misdemeanor? Yes No
- B. Do you have a felony or misdemeanor charge pending? Yes No
- C. Have you ever been convicted of child or elderly maltreatment, abuse or neglect? Yes No

If you answered yes to any of these questions, submit a written explanation to the Director of the Practical Nursing Program with your application.

5. **Education:** List only the high school you graduated from; List ALL COLLEGES ATTENDED. **An official or unofficial transcript from ALL COLLEGES ATTENDED is MANDATORY.** If a student has attended a college but does not list it here, it may disqualify the applicant from selection/admission into the program. List all health science programs that you have GRADUATED from and/or any CURRENT Medical Certifications and/or Licensures that you hold below (transcript proof of graduation from program must be submitted with application for credit of points):
