

2022-2023 Verification of Student/Parent Marital Status

Student Name: _____

TO BE COMPLETED BY THE STUDENT OR PARENT:

To comply with federal regulations, SAU Tech is required to verify information reported on the Free Application for Federal Student Aid (FAFSA). We have received conflicting information regarding your marital status. There are inconsistencies between your marital status, the tax filing status and/or other available documentation/resources. The Department of Education flagged your FAFSA and has indicated that the IRS Data Retrieval Tool previously used is no longer valid. Please complete the questions below to confirm your marital status. We also need a copy of your 2020 Federal taxes. Federal regulations require that institutions verify the accuracy of this data and resolve any conflicting information. Complete and submit this form to verify your marital status and marital status date. Additional clarification and/or documentation may be required to resolve the potentially conflicting information.

NOTE FOR INDEPENDENT STUDENT: It is requesting your current marital status on the date that you signed the FAFSA. Our past experience indicates this question can be confusing to some, causing them to answer incorrectly in error.

NOTE FOR DEPENDENT STUDENT PARENT: The requested marital status / marital status date is not specifically requesting the marital status of you and your child's parent. It is requesting your current marital status on the date that you signed the FAFSA. Our past experience indicates this question can be confusing to parents, causing them to answer incorrectly in error.
