

Allied Health SOAR (Student Orientation And Registration) will be July 18 @ 0900 in TE
100 (Techincal Education Building) *See Map
Attendance is required unless prior arrangements have been made.

STUDENT INFORMATION

The following is information that all nursing students should know and/or be prepared for while in the nursing program. These may also answer questions that you may have about the program.

- 1) **Accommodations:** All applicants shall have equal opportunity regardless of race, disability, sex, creed, religion, or nationality.
 - A. **SAU Tech Disability Statement**

SAU Tech recognizes that a disability may preclude a student from demonstrating required course competencies or from completing course requirements necessary for degree or certificate programs in the same manner expected of nondisabled students. In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, qualified students with disabilities may request that appropriate course accommodations be considered. Students are encouraged to meet with Disability Services in the Office of Enrollment Services to develop a plan for their academic accommodations. Requests for accommodations must be made within two (2) weeks of the start of each semester.
 - B. **SAU Tech Nursing Programs**

Reasonable accommodations will be made in the nursing program for students with special needs in accordance with the Americans with Disabilities Act (ADA); However, due to the nature of the nursing profession, the requirement of prevention of threat to personal or public safety, and the essential requirements of nursing courses and the nursing program, the accommodations may not be sufficient to enable the student to successfully complete the program.
- 2) **Clinical:** SAU Tech nursing students gain clinical experience in healthcare facilities, including nursing homes, hospitals, physician clinics, etc... Nursing students may be assigned to out-of-town facilities. To obtain adequate clinical experience, nursing students may be scheduled to attend clinical rotations that are eight (8), ten (10), or twelve (12) hour shifts on days, evenings or weekends and possibly at out-of-town facilities. Scheduling is determined by the Dean of Allied Health and is non-negotiable. The clinical rotation days/times/frequency & location vary from semester to semester. A clinical rotation schedule will be provided at the beginning of each semester.
- 3) **Class & Attendance:** Classroom days & frequency also vary from semester to semester. A class schedule will be provided at the beginning of each semester.
 - a. The Attendance Policy for the nursing program allows the student to miss a **very limited** number of hours. Attendance in the nursing program is monitored carefully because attendance in school frequently reflects future attendance in the workplace. It is very important for nurses to have good time management skills and excellent attendance; therefore, it is also very important while you are in this program. Students missing more than the allowed hours will be dismissed from the program.

SAU Tech Allied Health Department
Practical Nursing Candidate

- b. **There are limited exceptions to the Attendance Policy as there are no ‘excused’ absences** (this includes hospitalization, surgery, automobile accidents, death in the family or any other reason) because lost theory &/or clinical time cannot be made up. Limited exceptions fall under the Title IX Policy.
- 4) **Transportation & Travel:** It is very important for nursing students to have reliable transportation as well as a backup plan in case of problems. All students will not be assigned to the same clinical facilities at the same time so carpooling isn’t always an option. Also, students may be required to attend out-of-town seminars or workshops or clinical rotations. While this usually does not involve overnight travel, the hours will often be longer than clinical or class hours because of travel time. You will receive prior notice of the seminar date and you will be responsible for paying any registration or other fees for these seminars and you will also be responsible for providing your own transportation. You may be required to participate in several community service projects throughout the year which may require evening, night, or weekend work.
- 5) **Child-care:** If you have children, especially pre-school or school-aged, it is very important for you to have dependable child-care arrangements as well as a backup plan in case of problems. Children are not allowed in class or clinical.
- 6) **Employment & Study Skills:** Working while being a nursing student is **highly discouraged**. If you must work, it is recommended that you keep your work hours to a minimum. The nursing program courses are usually quite difficult and move swiftly with a lot of information. It will require many study & preparation hours outside of the classroom. You need to maintain the attitude of attempting to achieve excellence, not just ‘pass’ these courses because all of your time & effort will be for naught if you do not pass the NCLEX, which is the licensure exam after you successfully complete the nursing program.
- a. Plan ahead to learn and maintain good study habits and utilize good study skills while in the nursing program to help you achieve success in the completion of the program. Many students who are not successful say that they did not realize how important and time-consuming studying truly is and most of the time they admit that they did not study enough. No one ever said it would be easy to become a nurse.
- 7) **Arkansas State Board of Nursing (ASBN) Criminal Background Check:** In the last semester of the program, a Criminal Background Check is required by the Arkansas State Board of Nursing. This background check will be state and federal and **will contain juvenile as well as sealed and expunged records.**
- a. This background check is required in addition to the pre-admission criminal background check.
- b. If you have ever pleaded guilty, nolo contendere, or been found guilty of any of the offenses identified in Arkansas Code ACA 17-87-312, found in the Nurse Practice Act (Sub Chapter section 3-17-87-312), located at <https://www.healthy.arkansas.gov/images/uploads/pdf/CBCAct990of2019.Feb20.pdf> you will not be eligible to receive or hold a license issued by the ASBN.
- c. A licensure exam (NCLEX) applicant’s criminal background will be reviewed in order for the State Board of Nursing in the applicable testing state to make a decision as to whether they will allow licensure testing or not. You will have an opportunity at the time of NCLEX registration to submit a letter of explanation and all court &/or legal documents to the Board for their review.

SAU Tech Allied Health Department
Practical Nursing Candidate

- d. If you do not disclose any conviction and continue to pursue an education in practical nursing, you will be doing so at your own risk as you may not be able to take the licensure exam and/or obtain a license. If a student is not truthful about his/her criminal background to the Nursing Program, this will be considered as falsification of records and will be dismissed from the program.
- e. The clinical facilities that the nursing program utilizes have the right to refuse a student from performing clinical rotations in their facilities if there are certain criminal background issues. If a student is not allowed to perform the required clinical rotations, then they are not eligible to remain in the nursing program.
- f. For further information, refer to the ASBN Criminal Background ‘Frequently Asked Questions’ document at <https://www.healthy.arkansas.gov/programs-services/topics/arsbn-criminal-background-checks>
- g. If you have additional questions or need further information, please contact the Dean of Allied Health’s office at (870) 574-4475.

Instructions:

- 1) **CERTIFICATIONS:** American Heart Association’s Healthcare Provider Basic Life Support (BLS/CPR) or American Red Cross Basic Life Support for Healthcare Providers training is required for nursing students prior to beginning clinical rotations.
 - **If you are already certified**, your certification **must be good through July 2024**. If your certification is current and expires on or later than July 2024, you must submit a copy of your certification card by **the first date of class**.
 - **If you are NOT currently certified or if your certification expires prior to July 2024**, CPR for BLS will be taught to every student as part of the Basic Nursing Concept I Curriculum in the Fall Semester. If you are not certified, meaning you do not have a CPR card, then you will be required to pay \$7.50 prior to the CPR Unit in Basic Nursing Concepts I. If you are current and do not need a “CPR card”, you will still be required to complete this unit but will not have to pay for the card.
- 2) **BOOKS:** Purchase of the required books can be done through the SAU Tech Bookstore. The bookstore is located in the Student Center (see map #14) and their phone number is 870-574-4410.
 - All books/resources must be in the **current required editions**.
 - Elsevier, the primary publisher of the nursing program books, offers a package combination deal through the SAU Tech Bookstore that will save a lot of money from ordering them separately.
- 3) **DRUG SCREEN:** You must submit to and pay for a urine drug screen during the first semester of the program and randomly throughout the nursing program. The cost is \$45 per screening and is the student’s financial responsibility.
 - **Bring \$45 cash or check for your drug screen on the SOAR day or by the first day of class! You will pay for this at the Business Office in the Administration Building.**
 - More information will be provided by the Dean of Allied Health at the beginning of the first semester.

SAU Tech Allied Health Department
Practical Nursing Candidate

- 4) **CRIMINAL BACKGROUND CHECK:** All students are required to complete a criminal background check prior to the Fall start date. Every student will create an account with VerifyStudent for this criminal background check.

****This needs to be completed by July 13 to allow ample time for the criminal background check results to be completed. ****

Before Starting:

- A valid email is REQUIRED.
- Have your credit card (Visa/MasterCard/American Express/Discover) information ready in order to process payment. Your credit card will be charged **\$53.41** for the service.

NOTE: You may incur additional court fees depending upon your current/prior counties of residence.

Getting Started:

1. Log onto our website at www.VerifyStudents.com and click *Students Start Here*.

2. Use this special promotional code: ***SOUT93EC***
3. Complete profile & e-sign forms as they appear.

*****This needs to be completed by July 13 to allow ample time for the criminal background check results to be completed. *****

Student Checklist

- ___ Apply for Admissions (<https://www.sautech.edu/admissions/> AND
 - ___ Select degree plan
 - ___ Send an official high school transcript with final date of graduation or GED scores
 - ___ Shot records (2 measles, mumps, and rubella shots required)
 - ___ Placement scores (ACT, SAT, Accuplacer, or Compass)
 - ___ Send official college transcripts from all previously attended colleges

Note: All official transcripts must be sent directly from the school. They can be sent from the school electronically or submitted to Admissions in person in a sealed envelope.

FEDERAL AID:

- ___ Apply for an FSA (Federal Student Aid) User ID and password (for you and parent if needed) at studentaid.ed.gov. This is your online signature for federal aid and applications.
 - NOTE: Keep username/password information written somewhere safe
 - ___ Apply for the specified year for which you want to receive aid at studentaid.ed.gov. For the 22-23 award year parents/students will use 2020 tax information. For the 23-24 award year, the 2021 tax information is used. SAU Tech's school code is 007738.
- ___ Turn any documents required by the Financial Aid office (email sent to email used on FAFSA and SAU Tech email)

AR STATE AID:

- ___ Apply online at <https://sams.adhe.edu> by July 1st of each year
 - NOTE: Keep username/password information written somewhere safe
- ___ For the ArFuture Grant, it will ask if you want to be considered for ArFuture. Mark Yes.
- ___ Must complete FAFSA by June 1st of year applying
- ___ Turn in any documents required (log back on to see what you need to turn in)
- ___ If sent email stating awarded, **MUST** log on and accept the award

INSTITUTIONAL AID:

- ___ Apply for scholarships (found at <https://www.sautech.edu/scholarships/>
 - SAU Tech Institutional Scholarship and SAU Tech Foundation Scholarship as well as others
- ___ If sent an acceptance letter **MUST** return in order to receive
- ___ Make certain you enroll in the correct number of hours required for your scholarship each semester

Loans:

- ___ Apply separately for loans at SAU Tech:
 - <http://www.sautech.edu/docs/financialAid/studentLoanApplication.pdf>
 - Or pick up a form in the Financial Aid Office
 - NOTE: First time loan borrowers must complete online and in-person counseling

Housing Information @ SAU Tech

- ___ Apply for housing at https://sautech.formstack.com/forms/housing_applications_2
- ___ Pay the \$100 application/damage fee in the SAU Tech Business Office

Note: the Application/damage fee does NOT guarantee hour housing spot! You must have total funds to cover tuition, fees, and housing before your spot will be considered secure. You can also set up a payment plan for housing.
